## THE SEINE RIVER

The Seine River is the backbone of Aube en Champagne. It flows through the region and its villages, from the Côte des Bar to the Nogentais.

Here, it is still a wild river, carving the landscape through its winding course. It provides a haven for wildlife, where herons, kingfishers and dragonflies can often be seen.

People swim, fish and enjoy boating on its waters. It is a true source of life.

## NIGLOLAND

It offers exciting roller coasters, gentler rides, beautiful themed settings and an exceptionally friendly atmosphere.
